is an action and platform game for PC published. In the sequel to the game, the action takes place after the end of the events of the first part, and also acts as an antagonist. The new character played in the game has appeared in the following games: "", and "". The main character of the game is the smuggler Fred. Together with his girlfriend Karen (although the difference is quite striking - Karen in The Big Heist for PSP and Karen for PC), he performs risky smuggling tasks in order to provide food for his family. On the way, they meet two recruits and one vampire who are trying to capture Fred and Karen. As in the first game, Fred wields a firearm that leaves the vampire with a significant amount of life, as well as "Vampire Teeth", a special way to cut the wire that Fred is associated with Yuri and Doc (currently this skill is not available to the character, who was trained in the skills of the "big game" in the United States). In addition, Fred and Karen have an on-board computer that allows them to interact with each other via video link. The game also has the ability to upgrade weapons, remove modules, gain additional experience, and regenerate health. On February 14, 2016, a small trailer was released in which the developers talked about the game mechanics and gameplay of the game.
